### Peace Returns To New York's Negro Sections

But White Youths Hurl Missiles At Race Demonstrators

NEW YORK (AP)—Peace has returned to two riot-torn Negro sections of New York City, but jeering white youths hurled missiles at Negro and white demonstrators outside police headquarters late Thursday night.

Police inspector Henry Yack, 59, was hit in the right eye by a stone. He was held in a hospital overnight.

An egg narrowly missed Police Commissioner Michael J. Murphy. He was cursed by the whites as they threw eggs at him.

None of the pickets protesting alleged police brutality was hit. The antipicket crowd swelled to 1,500 as the Manhattan demonstration progressed. But only a fraction of them—mostly teenagers from the Italian-American neighborhood around headquarters—participated in the jeering and barrages. Firecrackers also were hurled.

The pickets, sponsored by the Congress of Racial Equality (CORE), were shielded from the barrages by wooden barriers set up by police to hold the whites out of range.

After three hours of picketing, the CORE demonstrators were escorted in three groups to nearby subway stations. They were trailed all the way by hostile residents of the lower East Side neighborhood, who continued to hurl missiles at both police and pickets. A policeman was hit on the shoulder with a rock, treated at hospital and released.

Police arrested seven whites who were in an auto from which an anti-Negro placard had been flung. Six men and youths were charged with disorderly conduct. One boy was charged with juvenile delinquency and released in custody of his parents.

The seven were the first whites arrested since racial disorders broke out in the city Saturday night.

Peace returned to Harlem in Manhattan and almost complete peace to the predominantly Negro Bedford-Stuyvesant section of Brooklyn, after five nights of

### Woman, 74, Gets Record Amount

### \$16 Million Divorce Settlement Given

LOS ANGELES (AP)—For 55 years of marriage, Mrs. Ednah Race Capron testified, she had to make many of her own clothes, listened to her husband complain every day "of all the unpleasant things that ever happened," and was denied a nurse's care when she was bedridden last year with a broken leg.

Today, at the age of 74, Mrs. Capron has an interlocutory divorce decree and a \$16 million settlement, believed to be the largest ever.

Mrs. Capron, granted the decree in superior court Thursday, charged cruelty against her husband, multi-millionaire George H. Capron, 79. She said he told her last year, when she broke her leg, that he would give a million dollars if someone would take her off his hands.

At the time, she testified, she didn't know he had even a million dollars, much less the \$30 million her attorneys discovered after she filed suit for divorce. Her husband had always kept his riches a secret from her, she said.

Mrs. Capron testified to a life of frugal living, dating from her marriage to Capron in 1909, when he was a young baseball player. She said she was denied servants, though they lived in an \$85,000 home in Newport Beach, Calif.

Over the years, attorneys said, Capron built up an estate

### LBJ Speaks As Boy Scout Camp Ends

VALLEY FORGE, Pa. (AP)—President Johnson told 52,000 cheering Boy Scouts at Valley Forge that the U.S. government "exists to protect the freedom and enlarge the opportunities of every citizen" and thus should "not be feared or attacked."

The government, he said Thursday night, "is to be helped as long as it serves the country well, and changed when it neglects its duty."

Although Johnson did not mention Sen. Barry Goldwater, the Republican presidential candidate, by name, it appeared he was taking this opportunity to renew his defense of the government against Goldwater's criticism.

The Arizona senator frequently has charged that the federal government has grown too large and too centralized.

Overhead, a small plane, faintly outlined by the moon, pulled a banner that read "Goldwater '64." Johnson gave

### House Vote Due Next Week

WASHINGTON (AP)—President Johnson's bill to carry out his war on poverty has won Senate approval by nearly a 2-1 margin.

The battleground now shifts to the House, where the Rules Committee is expected to vote early next week on a similar proposal to be considered the following week.

The measure had come under heavy attack from Sen. Barry Goldwater of Arizona, the Republican presidential nominee, as a "hodgepodge of programs treating only the results, not the causes, of poverty."

"It seems designed to achieve the single objective of securing votes," he said in a minority report on the bill.

Although Goldwater did not enter into the two days of Senate debate on the measure, a majority of the 33 Republican senators joined him in voting against it.

On the 62-33 roll call Thursday night that sent the bill to the House, 52 Democrats voted for and 11 against passage. The Republican line-up was 10 for and 22 against. Sen. Peter H. Dominick, R-Colo., the only absent GOP member, was announced as against passage.

Southern Democrats split about evenly. Before the \$947.5 million bill was passed, two states rights amendments were adopted giving governors a veto over establishment of some of the proposed projects in their states.

A third, which would have let governors veto aid for community action programs, was defeated by a single vote.

Sen. Frank J. Lausche, D-Ohio, also won adoption of an

amendment shaving \$15 million off the total originally authorized for the first year. This was cut from \$50 million proposed for loans and grants to combat poverty in rural areas.

But the many-sided bill emerged from the Senate substantially intact.

The bill would authorize \$412.5 million for programs designed to increase the education, training and work experience of young men and women. Included is a provision for establishment of a job corps in which youths in the 16-21-year age bracket could enroll and be assigned to conservation camps or resident training centers.

Authority also is provided for the government to finance part-time employment for college students and for youths who want to complete their secondary schooling or take vocational training.

Another major part of the measure would authorize appropriation of \$315 million to pay up to 90 per cent of the cost of financing anti-poverty programs carried out at the community level.

These community action programs could include employment, job training, vocational rehabilitation, housing, welfare and special remedial and other educational aid for low-income families and individuals. Provision also is made for adult education.

The bill includes special assistance to poverty-stricken farmers and very small businesses, aid for migrant farm workers, and establishment of a corps of volunteer workers, to be paid \$50 a month, to serve in the over-all anti-poverty program.

Henry Morgan Criticizes Cleveland Station

TV Star Refuses To Go On After Dr. Sam

CLEVELAND (AP)—The studio audience applauded enthusiastically, but comedian Henry Morgan walked out of the show when Samuel H. Sheppard and his bride, Ariane, appeared on a television program here Thursday.

"This is shocking," Morgan told newsmen in the wings after walking off the Mike Douglas Show (KYW-TV). "How come he suddenly becomes lovable Dr. Sam?"

Sheppard, who was convicted of the 1954 bludgeoning of his first wife, Marilyn, answered questions from Douglas about his life in Ohio Penitentiary and his hopes for the future. He said he wants to settle in suburban Rocky River and "I hope to reapply for my medical license."

The former osteopath was associated in the family hospital in Bay Village before he was convicted of second-degree murder and sentenced to life imprisonment. His license was suspended by the state medical board in 1957.

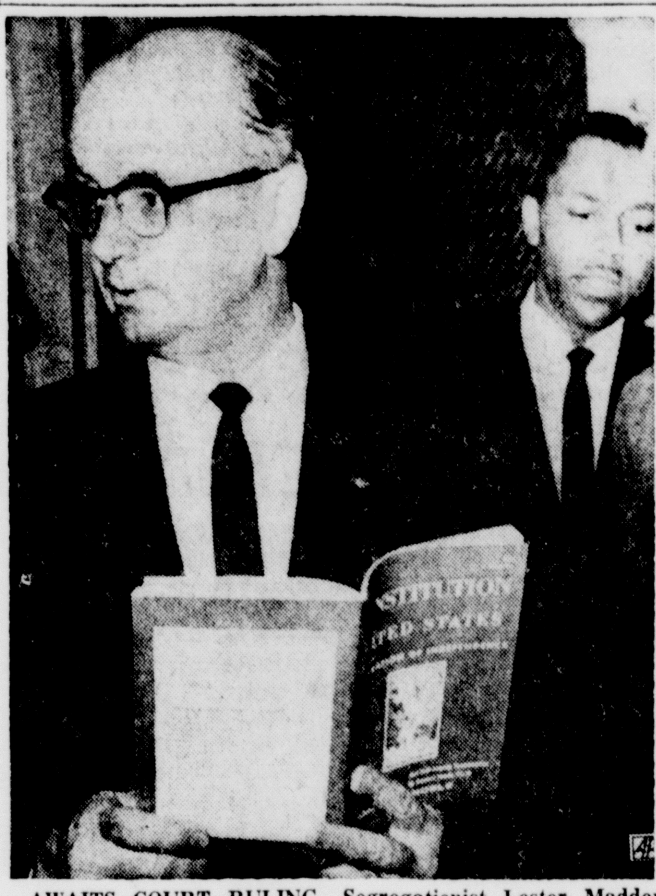

Sheppard's two brothers, Drs. Richard and Stephen Sheppard, now operate the hospital.

With Sam and Ariane, whom he married after being released on federal bond last week, was his attorney, F. Lee Bailey.

Morgan is appearing in a summer stock presentation of "Tea-house of the August Moon" being performed in Warren by the Kenley Players.

"What kind of show is this?" Morgan asked, speaking of the program he had walked out on. "First they put on a man who 10 years ago was convicted of murder then they play a gay tune, and I'm supposed to go on with some jokes. Why, I wouldn't even tell my mother I was on this show."

Told of Morgan's remarks, Bailey threatened to sue for libel. Bailey has told newsmen he objects to Sheppard being called a convicted murderer, declaring that the federal court or-

### Mansfield Mayor Dies In Air Crash

HARRIMAN, N. Y. (AP) — Two Ohio businessmen and the mayor of Mansfield, Ohio, are dead as a result of a plane crash near the former estate of ex-Gov. Averill Harriman.

Killed in the crash Thursday were Charles Scott, 50-year-old mayor of Mansfield and father of five children, James McInty, 56, also of Mansfield and pilot of the plane, and Edmund Brumigan, 50, of Novelty, Ohio.

McInty formerly operated a siding business in Mansfield. Brumigan was president of Super Die, Inc. of Cleveland and head of the Al Koran Shrine Band in Cleveland.

Police said the single-engine Cessna 172 Skylark had made an emergency landing on the Harriman estate, apparently to get gasoline. McInty was trying to take off on a dirt road at the time of the crash.

The plane hit a tree, continued down the road some 175 yards, hit more trees, and then overturned, authorities said. McInty and Brumigan died at the scene and Scott died five

### Columbiana Woman Hurt In Mishap

A young Columbiana woman suffered minor injuries Thursday at 4:30 p.m. on Route 14 just east of her village when her car struck the rear of a semi-tractor.

Lane Louise Keller, 21, of 453 Firestone, was treated by a local physician for lacerations of the lower lip and contusions of the left arm.

The Lisbon post of the State Highway Patrol said Miss Keller in a Volkswagen sedan was following a westbound tractor operated by John L. Delay Sr., 46, of Flint, Mich. Delay slowed to allow a vehicle ahead of him to make a left turn, a half mile west of Route 7, when the woman's car struck the truck.

She was cited for failing to stop in the assured clear distance. A pickup truck driven by Paul D. Samora, 17, of RD 1, New Waterford and a car operated by John Kremling, 37, of Youngstown sideswiped Thursday morning at 7:30 on Route 7, just south of Route 46 near

### Chinese, Malays Wage Battles For Fourth Day

Death Toll Rises To 19; Policemen Restore Peace

SINGAPORE (AP) — Chinese and Malays fought for the fourth day in Singapore today, raising the death toll to 19. But police said the racial clashes were getting smaller and less frequent.

More than a dozen new incidents occurred during the daily morning break in the curfew to permit food purchases. Police and troops quickly restored order and herded stragglers off the streets at gunpoint.

Another curfew break was scheduled for the afternoon. Many office workers went to their jobs during the morning break.

A government spokesman said the same curfew schedule would remain in force Saturday but the situation is reviewed each afternoon.

Official casualty figures showed 197 injured since the riots began, but the unofficial count placed the injured at close to 400.

More than 1,400 persons, mostly curfew violators, have been arrested by the 7,000 police and combat troops trying to check the riots on the island.

A federal police spokesman said the government was encouraged because smaller groups were involved in this morning's fighting.

Because of the explosive situation, Malays were advised to observe the Moslem sabbath at home today instead of going to mosques.

Malay and Chinese headmen of various communities on the island met Thursday night. They reportedly agreed on temporary arrangements to restore order.

Lee Kuan Yew, state premier of Singapore who is of Chinese descent, blamed the riots on Malay extremists. He warned that if the racial situation got out of hand, it could endanger the Malaysian Federation.

Malaysian Prime Minister Tunku Abdul Rahman has charged that the riots were fomented by Indonesia as part of

### Ballot Places Sought for Five Issues

Five more special questions and issues have been filed with the Columbiana County Election Board for ballot places at the Nov. 3 general election.

The Fairfield - Waterford School district has asked a vote on a \$350,000 bond issue to finance improvements at the Waterford, Crestview and Fairfield buildings.

The resolution says the funds would finance demolition of part of the old Waterford building and erection of a fire-proof addition; an addition at Crestview High School and improvements at the Fairfield building. It says a levy of 1.9 mills would be required for not more than 23 years to retire the bonds.

The same district asked a renewal of a 3.6-mill levy with an increase of four-tenths of a mill to constitute a 4-mill levy. It would be in effect five years.

The Lisbon Exempted Village School District sought a vote on a new 4-mill levy for five years to help pay current expenses. In enacting the resolution over a week ago, the board said the added funds are required to help overcome a deficit that threatens at the end of the year.

# DeGaulle Is Stuck With Idea On Asia

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — Charles De Gaulle got stuck with an idea; now he's reworking it. The last thing he wants to be ignored; but he's being ignored.

The French president Thursday proposed at his second news conference of 1964 the neutralization of all Southeast Asia, including Viet Nam. It was an old idea.

He had proposed it at his first news conference of 1964 last January. The United States brushed off the idea then. It's brushing it off now.

The trouble was that 10 years ago 14 nations at Geneva reached an agreement supposed to keep Southeast Asia peaceful. It's been anything but.

Washington's view was, and is, that Red China and the North Vietnamese broke the agreement. So why think a new agreement would be observed?

France had held Indochina as a colony since the 19th century and showed no signs of granting independence until some Indo-Chinese got fed up.

Some of them, Communist-led under Ho Chi Minh, fought the French 7½ years and finally wrecked them in 1953.

This was humiliation for the French who had to be bailed out in two world wars. Now under De Gaulle, they aspire to world leadership again.

The Geneva Agreement divided Viet Nam into North and South Viet Nam, with Ho Chi Minh still in charge in the north. The French pulled out.

The North Vietnamese decided to take over South Viet Nam, which needed help to survive. The United States stepped in and has been helping out since.

It seems clear from this history that if there was a new agreement and the United States pulled out, the North Vietnamese wouldn't let peace last long.

This time—adding a new United States, France, Russia and Red China to guarantee the peace.

De Gaulle's proposals on Southeast Asia suggest he can't reconcile himself to the thought that France should, or must, keep its nose out of Asia permanently.

It is part of the pattern of his mind. He wouldn't accept a nuclear test ban treaty, insisting instead that France must build its own nuclear arsenal.

At the same time he wants a close tie-up with Germany. But this wouldn't be on an equal partnership basis if France had nuclear weapons and Germany didn't.

And if West Germany tried to build them the Russians would go through the ceiling. And so would De Gaulle, probably.

The Frenchman seeks a kind of French-German alliance that would dominate their smaller neighbors. But German Chancellor Erhard wants no part of it.

He knows West Germany is too close to Russia for safety and wishes to have the protection of the United States.

De Gaulle wants that protection but apparently wishes he didn't.

## THE MAN FROM THE WEST (5)

A licensed pilot, and an officer in the Arizona National Guard since 1930, Barry Goldwater transferred to the U.S. Army Air Corps after the attack on Pearl Harbor and served in the Asian theater of World War II as a ferry command pilot. Following the war, Col. Goldwater was chief of staff of Arizona's air arm for seven years. He was made a reserve major general in 1962 and is the only qualified jet pilot in the U.S. Senate.

Flying was—and is—only one of the energetic Goldwater's many facets. Still working full-time as president of Goldwater's, Inc., he also became a director of the Association on American Indian Affairs. As an authority on Arizona's Indian tribes, he was an adviser to the U.S. Department of the Interior from 1948 to 1950.

It was in 1949 that his meteoric career in politics began when he was elected to the Phoenix city council and named the city's "Man of the Year." (He was re-elected in 1951.) In 1950, he managed the successful gubernatorial campaign of Howard Pyle. Goldwater had now caught the eye of Arizona Republicans who were looking for a man to unseat two-term Democrat Sen. Ernest MacFarland in 1952.

## Birns Faces Gambling Charges In Cleveland

CLEVELAND (AP) — Authorities prepared today to have another go at putting rackets figure Alex (Shondor) Birns behind bars — this time on a charge of carrying on a game of chance.

Birns, 56, and Edward Keeling, 37, his longtime associate in the gambling rackets here, were arrested Thursday afternoon in a raid by seven Cleveland and Parma policemen.

The police forced a door to an office in a two-story commercial building at 5715 Brookpark Road in Parma and found Birns and Keeling seated at adding machines with clearinghouse slips nearby, Sgt. Thomas Dever of the Cleveland police said.

"Birns was noticeably upset," Dever said. "Keeling was very calm and collected. Neither would answer our questions."

Police said they found \$490 in cash hidden behind some display material, but neither Birns nor Keeling claimed ownership.

Capt. Clarence Benedict of charges against Birns and Keeling—later freed on \$500 bond each—would be taken to a Cuyahoga County Grand Jury, probably next Tuesday, bypassing Parma Municipal Court.

Keeling already was under bond, pending outcome of his appeal on a recent conviction of attempting to bribe a police officer.

The clearinghouse gambling operation consists of placing small bets on combinations of numbers which are selected from the daily stock market scheme of chance charge carries a 1-to-10-year sentence.

Birns last was in the limelight a year ago when he was questioned at an inquest into the bludgeoning and strangling of Mervin L. Gold, a financial manipulator whose death is still unsolved.

## Partisanship Is Local

U. S. Senators Kenneth B. Keating and Jacob K. Javits of New York have cut themselves loose from Sen. Barry M. Goldwater's views in the 1964 election.

Nothing in politics, we suppose, hurts a politician more than an associate's refusal to back him in a key fight.

Sen. Goldwater undoubtedly is hurt by the announcement that New York's two Republican senators do not see their way clear at this time to back him in his Republican presidential candidacy. But Sen. Goldwater understands better than most voters why his two colleagues are in a political pickle.

Sen. Keating's term expires this year. If he decides to run for re-election, he would have nothing to gain in New York State by identifying himself with Sen. Goldwater, whose conservative views clash with his own liberal views. Sen. Keating did not get to the U. S. Senate by espousing conservatism, nor did Sen. Javits.

This is going to be a recurrent ques-

tion for Republican candidates this year — whether to identify themselves with Goldwater or stand on their own previous positions.

For precedent, they can consult the records of candidates of both parties who have been having significant success over a period of years running on their own previously declared positions. They were willing to hang on to coat tails like the Roosevelt and Eisenhower candidacies, but scores of dissident Democrats and Republicans never have given so much as lip service to the programs of their parties' leaders or the platforms of the parties.

These candidates made a discovery. Partisanship is a local question, like tariff, as was vividly illustrated at the San Francisco Republican convention this year and at all Democratic conventions in recent years, members of political parties hold only one conviction in common — desire to win. It's every man for himself, from the head of the ticket down to the rear guard.

## Conspirators In Harlem?

Did Communist conspirators have a hand in the Harlem riots that shocked and terrorized whites and Negroes in New York City last weekend?

Is this why President Johnson ordered the ever-busy Federal Bureau of Investigation to conduct an investigation? Is this why Mayor Robert Wagner came home on the double from a vacation abroad and New York police activities were stepped up to a maximum rate, with massive issues of live ammunition and unprecedented get-tough instructions?

Is this why everything possible is being done to inculcate a sense of responsibility in a situation everybody knew was at the exploding point but was helpless to correct?

Suspicion of Communist conspirators is present, as it always is in this country when chaos erupts. Officials responsible for being on guard against subversion suspect Communist conspirators may have something to do with chaos in the South, too.

But is it not a way of dodging responsibility to believe everything would be

serene and placid if Communist conspirators never had a hand in civil disorder in this country?

The success of the conspirators is not a cause; it is an effect. They can accomplish nothing without strife and turmoil. They are like the common cold virus — waiting for favorable circumstances.

To blame them for what happens when disorder erupts is like blaming ants at a picnic for picnickers getting into poison ivy.

If Communist conspirators were busy in Harlem last weekend, it was because Harlem was ripe for them. It was because the nation's largest city has been waiting for the lid to blow off a dangerous and economic desperation in its Negro ghetto.

Blaming Communist conspirators won't make Harlem any better.

Gags are what some people pull constantly and ought to have over their mouths.

By VICTOR RIESEL

DAKAR, SENEGAL

Somewhere in the U.S. Department of Commerce there are specialists on Africa who have issued a report which predicts a fine "future" for business relationships between Americans and near-by Ghana — a nation east of here which is led by men who champion Communist China, reverend Mao Tse-tung and each day work with his agents in a coordinated operation to trigger a continent-wide "workers and peasants revolution."

Victor Riesel

I perused this report the other day as I stood in front of a small store-type building here at 27 bis Rue Victor Hugo. This little edifice, with its big store window painted over to give the handful of men inside some privacy, is the headquarters of the new anti-Communist, pro-U.S. African labor federation.

I start this story at this building because it is one of the obstacles which Ghana's pro-Communist leaders must hurdle before they can launch Mao's kind of revolt on this vast continent.

THE TINY building on Rue Victor Hugo is the office of the pro-Western African Trade Union Confederation (ATUC). It has virtually no finances. Its leaders struggle to exist. They have practically no staff with which to cover a territory ranging as much as four thousand miles in several directions.

Yet its enemies — our enemies, too — in Ghana have huge deposits of gold, diamonds, bauxite and manganese — and the money and manpower of mainland China. Thus the

leader of that conference was John Tettegah, avowed Marxist and revolutionist. Mr. Tettegah not only is President Nkrumah's intimate and personal adviser, but is also permanent secretary general and absolute leader of the Commu-

odds against our allies in this fight for the support of over 200 million African peasants and workers are enormous.

Typical is a maneuver which the Ghanaian leaders pulled recently — to which the world paid little heed.

I call this to the attention of the U.S. Commerce Department's Africa Division of the Office of Regional Economics.

A few months ago Ghana's President Kwame Nkrumah ordered one of his most intimate advisers to confer with Peking labor leaders. President Nkrumah's agent in this operation was — and is — a tough Communist called John Kofi Tettegah.

SHORTLY AFTER this consultation an organization known as the All African Trade Union Federation (AATUF) issued a call for a continent-wide conference of labor leaders. This is the Communist labor federation. It was launched after our friends had organized the African Trade Union Confederation.

Note how the Communists imitated the name to confuse millions of Africans who speak over 700 languages and dialects. Most of them are not literate and, even if the mass of rank and file could read there are virtually no newspapers available to them. Radio broadcasts, however, do cover the continent and if the commentator speaks swiftly the initials AATUF sound like ATUC.

The Communist labor conference started on June 12 in Bamako, capital of nearby Mali — closely linked with Peking, China.

Leader of that conference was John Tettegah, avowed Marxist and revolutionist. Mr. Tettegah not only is President Nkrumah's intimate and personal adviser, but is also permanent secretary general and absolute leader of the Commu-

nist All African Trade Union Federation. Along with Nkrumah, he loathes the United States.

TETTEGAH OPENED the Communist conference in Bamako with a call for an all-African revolution against all governments not headed by pro-Communists. I have before me a copy of his report, which, in this hot weather, may burn up in spontaneous combustion.

Speaking to the delegates from alleged labor federations in 33 African nations Tettegah said: "The African countries must attain complete economic independence, liquidate foreign military bases, and abrogate military pacts signed with foreign powers. . . . It is one of the main tasks of the African trade union movement at present to promote an independent policy in Africa."

This policy should envisage the creation of conditions favorable to mobilizing the working masses so as to build up a national industry and a public sector which constitute a basic demand for the nationalization of resources and industries . . . which are in the hands of foreign firms."

Tettegah then shouted that there must be state control over U. S. He attacked our embassies. He excoriated the Peace Corps. He urged the destruction of the labor federation run by anti-Communists. He later called for the end of capitalism in Africa.

REFERRING to the African peasants, Tettegah said they make up 60 to 90 per cent of the population.

They are the essential part of the African population," he said in his speech, which sounded like an old Mao Tse-tung address, and one of the most urgent tasks of a trade union movement has been and still is to lead them into action, and

action which struggled for freedom in the past (in China) and now struggles for consolidating hardwon independence."

Then he read a message from President Nkrumah in which the Ghanaian chief executive pledged full support not only of himself but of the Ghanaian government.

Thus President Nkrumah threw the full power of his government behind the call for revolution.

This message was read on the same day that President Nkrumah was celebrating Ghana's independence in Accra, his capital. There was a big rally in the sports stadium there.

TO THE BIG CROWD in the arena, President Nkrumah said that Ghana's seven-year plan "aims at establishing a Socialist pattern of society . . . which will effectively negate and undo evils of capitalist exploitation to be able to achieve our aims of building socialism in Ghana."

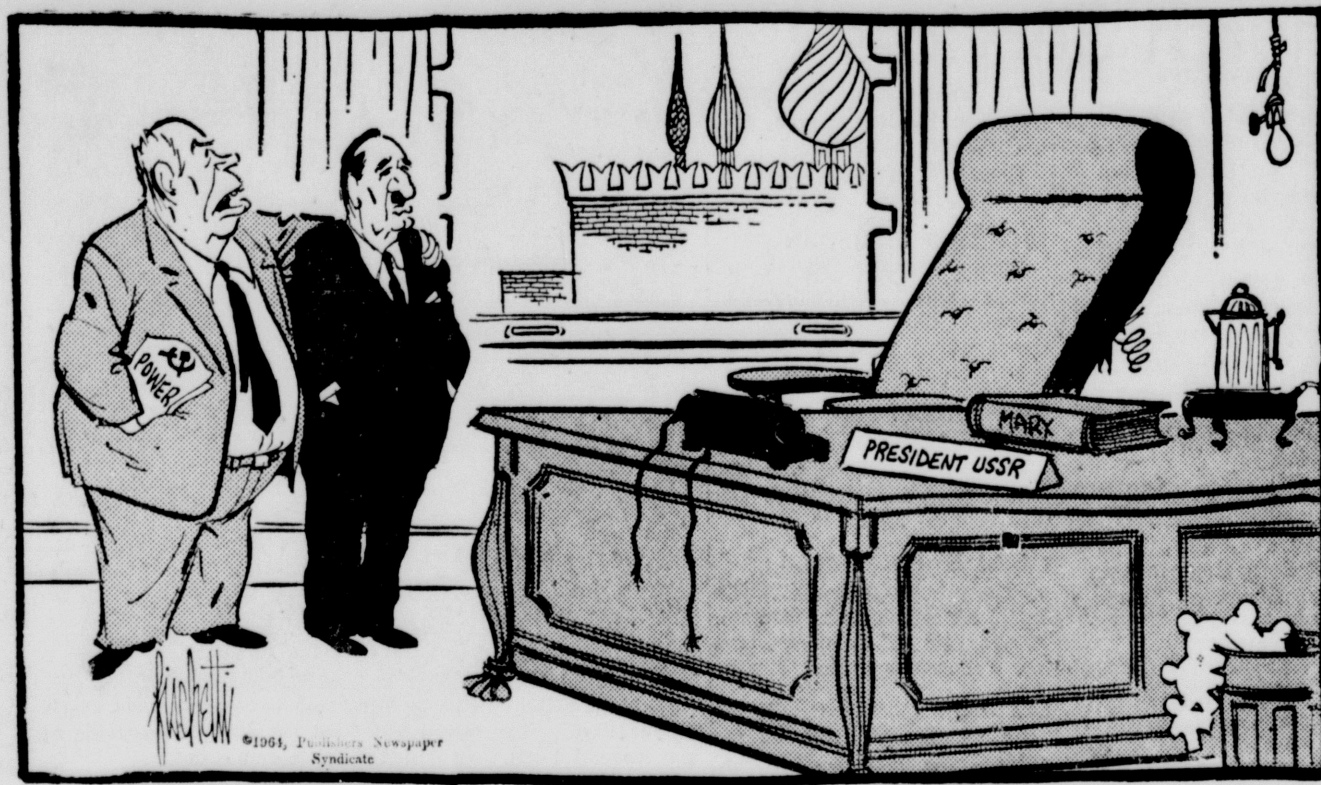

The program of the party adopted at its 11th congress in 1962 opened the prospects of the development of the country along the road of socialism for the people of Ghana. . . ."

President Nkrumah means what he says. Apparently he has not read the prediction of the U.S. Department of Commerce. And the Department of Commerce has not consulted the many fine men we have in our African embassies. Neither have those Americans who have been investing scores of millions of dollars in mills and power projects inside Ghana.

But then, so many did not read Fidel Castro's early statements either. They were surprised. They will be again, though it can't be said that Kwame Nkrumah hasn't forewarned them. We do appear to have a tendency to aid our enemies and ignore our friends.

## Rising Young Theater

By LARRY H. PHIPPS

OKLAHOMA CITY, Okla. (AP)—The converted warehouse at 1108 W. Main in Oklahoma City is the unpretentious site of an ambitious dream to make resident theater as important an element of community culture here as it is in Europe.

Once inside the double doors, you enter a world created and maintained by the Mummies, a semiprofessional acting company which borrowed its name from the roving acting groups of 14th century England.

"Our driving force," declares Mack Seism, the theater's energetic director, "is the desire to make the resident, repertory theater a basic part of the community's cultural and social life."

Seism, 36, has been with the group since its beginning in 1949 and became its full-time director in 1950.

There was a similarity between the acting group which held its first season in a second hand circus tent on an open lot, and the Mummies of old.

"That summer," Seism reflects, "the wind blew so much we spent rehearsals holding the script in one hand and a corner of the tent with the other."

Civic groups picketed the theater as "unwholesome" and a "public nuisance."

"The publicity made people curious enough to come see us," he said.

"The next season we moved into a more protected spot at Will Rogers Park," Seism said. "The trees kept the wind away, but about half of our performances were rained out because the top of the tent kept tearing."

The next year found them playing to audiences in the Municipal Auditorium.

They only had part-time use and were forced to keep props mobile and at a minimum.

The group's flexibility came in handy when it took on the job of turning an unused warehouse into a theater.

Seism's determination was given a boost in 1959 by a \$10,000 Ford Foundation grant to spend a year visiting theaters in Europe, Canada and the United States.

The Mummies are also participating in another Ford-financed venture, the Theater Communications Group, with eight college and 15 community theater bodies.

Seism says he hopes the group can nurture dying theater crafts such as wig making and costuming—crafts now restricted largely to Europe.

Next season will see the Mummies well along toward becoming a professional instead of a semiprofessional company.

The eight-play schedule will run 41 weeks instead of 32, and the acting company will be expanded by players who will devote their time to stage roles and not double as office personnel and prop and costume makers.

The Mummies have a \$1,250,000 Ford grant and community donations of well over \$750,000 to build a new home.

### Voices Objection

As a citizen of Salem and the mother of three Little Leaguers, I feel urged to express a personal opinion concerning the playing of Little League baseball on Sunday.

I believe that all faiths are based on the Ten Commandments, whether we be Protestant, Catholic or Jewish. The fourth commandment states, "Remember the Sabbath Day to keep it Holy." The Word of God has not changed. Where are all the parents who once believed this to be so. How can we expect our children to have respect for the teachings of the Bible if we as parents are afraid to speak out against Sabbath desecration.

Our churches are a very important part of our city and our children need to have the proper respect for what each church represents, including the Fourth Commandment. Why teach children the rules of our churches if we fail to teach them to respect these rules.

I believe the Little League is a wonderful organization. Many boys, in the past and presently, have learned the value of good sportsmanship through Little League and have enjoyed the fun and fellowship of team mates. Every man who has taken the time and patience to coach these boys is to be commended. But I feel very strongly that Little League activity should be confined to the six days of the week.

## Willie Weasel

By Truman Twill

Questioner: What do you think of Barry M. Goldwater?

Answer: Do you mean the United States senator from Arizona, or the Barry M. Goldwater who runs a furniture store and mortuary at the corner of Blossom and 47th in Sweet Pea, California?

Questioner: What do you think of Barry M. Goldwater of Phoenix, Arizona, operator of amateur radio KYUGA, now serving his second term in the United States Senate, son of Baron and Josephine William Goldwater, formerly of University of Arizona and Staunton Military Academy?

Answer: I think he now is in a fair way to become Staunton Academy's most illustrious son if things turn out well. On second thought, though I wouldn't want to make too broad a comment in this sensitive area, he already may be Staunton's most illustrious son, unless some other illustrious son of Staunton has been given a nomination for the presidency by one of the two great political parties.

Questioner: What did you think of the Republican convention?

Answer: Only in American could such a thing happen. Only in this great republic with its mountain fastnesses and rocks and rills could the grandson of a pack peddler make enough money to own and fly his own airplane.

Questioner: How did you feel about the way the Republicans treated Gov. Nelson A. Rockefeller, who has spent several fortunes in unsuccessful attempts to snatch victory from the jaws of defeat?

Answer: Only in America, with its purple mountain majesty and its fruited plains could the grandson of a kerosene salesman hope to save enough from the vultures of big government to underwrite all the expenses of a dead-end political

candidacy.

Questioner: Do you think Goldwater will give Lyndon B. Johnson a run for his money?

Answer: I am glad you asked that question. It brings up the subject of how much the Johnson's are worth. It should be understood that their net worth is subject to reappraisal if anything happened to Mr. Johnson's public status. The millions would leak away in a hurry if he were reduced to being a former public figure. Only in America, where freedom reigns and the sky is not gloomy all day, could a school-teacher ever hit a jackpot the way LBJ hit his. Zowie!

Questioner: But how do you feel about the race for the presidency between these men?

Answer: Only in America could two close friends be expected to say the things about each other these two are about to unload for the edification of the little kiddies of this great republic, bathed in bloodshed and dedicated to the proposition that freedom, justice, quality, plenty to eat, plenty to wear and smoke abatement should prevail. I am looking forward to a hard-hitting, no-holds-barred, anything-goes, devil-take-the-hindmost, no words minced, name-calling, reputation-smearing, eyeball-to-eyeball showdown between these two able champions of democracy in action. It could happen only in Ame. . . ."

Questioner: Thank you, Senator Weasel. This is Paul Pry, Station OSAY-CAN-U-C who has been interviewing Senator William Weasel of Sitherborow, B.C. And now a word from our sponsor, Homogenized Guff, the goop that fills cracks the way Mother Hubbard's applesauce used to do when you were a hungry boy."

By DAVID LAWRENCE

The Communist conspiracy to provoke trouble inside the United States is at last coming out in the open. The riots in Harlem and have been pated in, and Brooklyn have been to a certain extent incited, by Communists — and Paul R. Screvane, who was acting mayor of New York City during the absence of Mayor Robert Wagner, publicly and officially said so this week.

David Lawrence

Coincidentally, Sen. James Eastland, D-Miss., in a speech in the Senate, has called attention to the ways in which Communists have become a part of the race controversy by stimulating demonstrations and training student agitators. He actually has named on the floor of the Senate some of the Communist conspirators involved in these activities throughout the country.

The Federal Bureau of Investigation has been working on this problem for a long time, but it's one thing to be able to detect who the Communist agents are and quite another to make an arrest and get a conviction. Today the police as well as the courts are being frustrated by Supreme Court decisions that put technicalities in the way of effective prosecutions, as criminal after criminal goes free even though guilty.

Also, the House Committee on Un-American Activities and the Senate Internal Security subcommittee have been badgered so much by the left-wing and so-called liberal elements that they have been hindered in carrying on penetrating investigations such as would expose to the public eye all that the Communists are doing in America.

A PERSISTENT campaign has been waged to abolish the congressional committees concerned with these investigations, and it has gone so far as to enlist the support of unwitting and naive members of Congress — most of them liberals.

When a big city such as New York is rocked by race riots in which the Communists play a substantial part, and hundreds of persons are injured and much property is damaged, it seems certain that the American people will demand sterner measures of protection than have been taken thus far by this and preceding administrations.

It seems natural for Premier Khrushchev to be disturbed about the possibility that Barry Goldwater might be elected president in November.

The Communist leader is bold enough to make public statements assailing Mr. Goldwater for the Moscow government knows that the Arizona senator would not stand for any nonsense, and would not only press for investigations by Congress but would do everything he could to use the law-enforcement machinery of the government to get rid of Communist agents and organizations in the United States.

Maybe — after the coming election — the Supreme Court itself will wake up to the fact that the Communist party is not just another political organization entitled to free speech privileges but is a vehicle of subversion, and will so rule. It often has been said that the Supreme Court usually follows the election returns."

## Sandra Bell Becomes Bride of Ronald Finch

Rev. Harold Deitch officiated at the 2:30 p.m. ceremony Saturday at the First Christian Church which united in marriage Miss Sandra Sue Bell, daughter of Mr. and Mrs. Raymond Bell of RD 4, Salem, and Ronald J. Finch, son of Mrs. Cathryn Finch of 264 W. Wilson St.

A vase of white carnations and seven-branch candelabra graced each side of the altar. Mrs. John Mauch of Greenford was soloist for the service and traditional nuptial melodies were played by Miss Linda Crawford.

Escorted to the altar and given in marriage by her father, the bride wore a gown of white Chantilly lace with modified sweetheart neckline, long sleeves and bouffant skirt sweeping to a chapel-length train. Her elbow-length veil was caught to an organza crown and she carried an arrangement of white carnations, yellow mums and white orchids.

The bride's sister, Mrs. Edward Westphal of Greenford, served as matron of honor. The full overskirt of her street-length yellow gown of taffeta and silk organza was caught by a large front bow. A matching crown with nose veil and bouquet of green carnations, mums and miniature orchids complemented her ensemble.

Miss Nancy Miller of Greenford and Mrs. Louis Kring of Salem were attendants. Junior bridesmaid was the bride's niece, Miss Diana Westphal of Greenford. They wore green dresses fashioned like that of the matron of honor. The attendants' gowns were made by Mrs. Westphal.

Janet Westphal was flower girl and Timothy Wilson carried the rings.

John P. Finch was best man for his brother. Other brothers, Donald and Joseph R. Finch, ushered with Kenneth Harris.

Mrs. Bell chose a light blue lace dress for her daughter's

wedding, and the mother of the bridegroom a green printed jersey dress. Both mothers had corsages of white carnations and miniature orchids.

One hundred and fifty guests were registered by Miss Judith Eshler at the reception in the church fellowship hall following the ceremony.

The four-tier cake which centered the bride's table was topped with miniature bridal figurines.

The new Mrs. Finch is a graduate of Greenford High School which the bridegroom attended. Mr. Finch is employed by the Eljer Company.

From the reception, the couple left for a honeymoon to an undisclosed destination for which the bride wore a two-piece brown and beige dress and the orchid from her bouquet.

They are residing at 444 Ohio Ave. Mrs. Catherine Finch was hostess to the rehearsal dinner at her home the evening before the wedding.

### Hints From

## Heloise

By HELOISE CRUSE

Dear Heloise: A delightful way to put sparkle in the eyes of children is by making a money birthday cake.

After the cake has been baked, small openings or slits can be made with a knife in the cake at intervals all the way around, so that each piece of cake will include some money.

Pennies, nickels and dimes will thrill the children. For sanitary purposes, the money should be wrapped in foil before inserting it in the cake.

When this money is slipped into the openings and the cake is frosted, the money-birthday cake is complete and you become the children's favorite hostess.

GRACE JAMISON.

DEAR HELOISE: If you have had numerous complaints from readers, similar to one of your reader's sad experience with lined rubber gloves, perhaps my letter will help them.

When I'm finished with a cleaning job, I wash my rubber gloves with soap and water while they are still on my hands. After I take them off I rinse the insides with first ... hot and then cold water under the faucet.

I then turn down the top or gauntlet of the gloves so that three-fourths of them are actually inside out, except the fingers. I stand the gloves up on the gauntlet edge on a clean paper towel so that they will dry thoroughly.

My gloves are fresh-smelling and ready for use the next time they are added.

MRS. ROMA MARTIN.

DEAR HELOISE: I remove rust stains from my linoleum and asphalt tile floors by sprinkling a powdered cleanser on the spots and then scrubbing gently with a soap-filled pad, using just enough water to make a good paste. This usually gets off most, if not all, of the spots.

CAROLYN SOMMERS.

Ladies, when you remove an appliance from your asphalt or inlaid linoleum floors and find rust spots on your floors, try this method. Be sure to scrub gently! It does work.

HELOISE.

DEAR HELOISE: Recently, after having a broken arm and not being able to scour the pots and pans, especially the egg cups of our egg poacher ... I discovered that I could place a paper cake cup in each egg cup, add a small amount of butter, and then replace the lid until the butter was melted (or one could use liquid shortening) ...

I then add my eggs, after the butter has melted, and cook as usual.

By inverting the egg cup the paper slips out easily. Presto! No scouring at all.

MRS. H. E. S.

Smooth as a whistle and

works beautifully.

HELOISE.

LETTER OF LAUGHTER?

DEAR HELOISE: The devilish propensity of a turnip for rolling while one is trying to (fearfully) slice it, led me to consider cutting a small piece off the round side, which induced stability, and I haven't cut off a finger since.

JULIETTE TUELL.

DEAR HELOISE: When it comes time to clean your windows, I want to offer a little hint. The windows with metal guards always leave skinned knuckles when you reach through to the pane from the outside. Try using a sponge dish mop with a handle about 12 inches long.

This will clean the window and not leave the streaks which a cloth leaves. Besides ... it saves you many bandages!

## Beauty for the asking

By Josephine Kaercher, Beauty Consultant

MERLE NORMAN COSMETICS STUDIO

By midsummer, most beauty columnists are full of advice on how to correct the damage that sun and heat have done to your hair.

If you've let your hair get brittle and unmanageable, by all means do everything you can to correct it.

But, why let summer wreak such hair-havoc when you can keep your crowning glory in perfect condition all summer long? Here's the way to do it.

First, of course, comes scrupulous cleanliness — frequent shampooing, and daily brushing. Be sure to rinse your hair after a day at the beach. Sand is definitely not recommended as a hair and scalp conditioner.

But there are two jewel-like products which almost guarantee beautiful hair regardless of weather — a golden liquid shampoo especially formulated for dry hair and a pearly creme rinse.

The shampoo not only makes your hair squeaking clean, but has a special normalizing action to retain those so-essential

natural oils in your hair, even if you tint.

You can count on this shampoo to leave your hair glowing with highlights. Follow your shampoo with the white pearly creme rinse to make your hair extra-manageable and lend real silkiness to every strand.

Take these twin hair-jewels along on vacation weekends. Their pretty plastic containers are unbreakable.

And please don't forget the shape and sheen control of a good gentle hair spray. A word of warning is necessary here. Watch out for lacquer sprays. Lacquer tends to leave a dulling sticky residue which can defeat the whole purpose of your careful hair regime.

By all means, be well-groomed at all times, from top to toe. However, to be extra sure you're as pretty as you can be, please do phone me, or write to me, care of this newspaper, and let me treat you to a free hour of beauty and a complimentary make-up.

Take advantage of beauty for the asking.

# Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm a 30-year-old man, good-looking, well-built, well read and well-traveled. I have devoted so much time to cultural interests, music, art and literature that I neglected one aspect of my life. As a result I have very little money. I would like to meet a fine woman and get married but this poses a real problem. I cannot stand homely women and I can't afford to marry a poor one. I have met dozens of women with money but I just can't look at them for more than 10 minutes without feeling it would not be worth it. The beautiful women I've known all are searching for

someone who can set them up in style - which, of course, I cannot. I'm serious about this, Ann. I'm not a crackpot. I have many fine qualities and could make a woman very happy. I need some outside help. Do you happen to know of anybody? I will be happy to send a picture. —Q.T.X.

Dear Q.T.X.: I have a picture. Please don't send one. Why don't you forget about both money and beauty and try to find a girl with brains? There should be at least one working set in each family and I see no evidence that you have any.

## Big Blabbermouth

Dear Ann: What do you think of a man who has a job as bookkeeper in a credit union and goes around telling everybody after three martinis who owes what?

This is the situation in our organization and it's more than I can stand. I'm a member of the credit union but I do not owe them anything. Several of my friends do, however, and I'm furious on their account. It is embarrassing for one friend in particular to have it known that he is in debt up to the legal limit.

Should I tip off the chief executive, who would have the man removed at once? Frankly, I detest him but I don't want to be responsible for a family man's losing his job. Your advice is wanted. —BIX.

## Mother Problem

Dear Ann Landers: I'm a 13-year-old girl who has a problem spelled M-O-T-H-E-R. I love her but she is driving me nuts. Ever since I was a small child my mother had to help me do everything, whether it was homework, sewing on a button, selecting books from the library or choosing the right dress to wear to a party. Just now Mother asked me to look up a number in the phone book. I looked it up and she said, "That doesn't sound correct." She then went and looked up the number herself. I feel as if I can't do any-

Dear Helped Too Much: You bet it's a real problem and I hope your mother reads my answer and pays attention to it.

## Record Auto Profits Listed

Manufacturers Say Sales Are Up Too

NEW YORK (AP)—The big three automakers are earning more money than ever before. General Motors Corp. and Chrysler Corp. reported Thursday that profits and sales soared to record levels in the second quarter and first half of this year. Ford Motor Co. issued a similar report earlier in the week.

General Motors' sales and earnings were the highest ever reported by any company.

Its chairman, Frederic G. Donner, and president, John F. Gordon, attributed the surge to expansion in economic activity and resulting consumer confidence.

The Big Three's reports of great prosperity came while they were negotiating with the United Auto Workers on new labor contracts.

General Motors earned \$602 million, equal to \$2.11 a share, in the three months ended June 30, compared with \$464 million, or \$1.62 a share, in the second quarter of 1963. The previous record was \$536 million, or \$1.87 a share, in the 1964 first quarter.

First half earnings of the No. 1 automaker totaled \$1,138,000,000, or \$3.98 a share, compared with \$878 million, or \$3.07 a share, in the 1963 first half, which was the previous record.

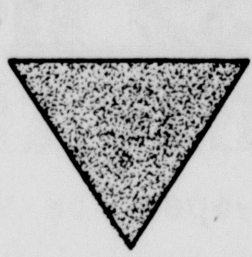

Sales totaled \$5,082,000,000 in the 1964 second quarter against \$4,516,000,000 a year earlier. First half sales of \$9,868,000,000 compared with \$8,663,000,000 in the 1963 first half, the former record.

Chrysler, third ranking automaker, earned \$60.6 million, equal to \$1.61 a share, in the three months ended June 30 against \$41.7 million, or \$1.13 a share, a year earlier. First half earnings totaled \$114.4 million, or \$3.05 a share, compared with \$77.9 million, or \$2.11 a share, in the 1963 first half.

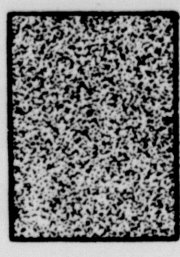

Chrysler sales in the second quarter rose to \$1,071,000,000 from \$890 million a year earlier and in the first half to \$2,062,000,000 from \$1,687,000,000.

Ford's profits in the second quarter amounted to \$179.7 million, equal to \$1.63 a share, on sales of \$2,672,600,000. This compares with \$55.9 million, or \$1.41 a share, on sales of \$2,544,700,000.

Information

It would pay every driver to study these six highway signs — the uniform shapes — for five minutes and learn to identify them by their shape. It would pay him, too, to heed and obey them every time he sees them. They are put up

for only one reason — to save his life. From left to right, they are: YIELD — an inverted triangle which means "yield right of way." REGULATION — a vertical rectangle which calls attention to a vital road regula-

tion such as "No Right Turn." WARNING — A diamond-shaped sign which means a warning of some kind, such as "Slow, Children" or "Divided Highway." RAILROAD CROSSING — A circular sign which warns of a railroad crossing

just ahead. Remember — trains DO still run, and they rarely lose a race with a car to a grade crossing. FULL STOP — an octagonal-shaped sign which always means "Stop!" INFORMATION — a horizontal rectangle which gives infor-

mation, such as "Road Closed" or "Junction." In addition to these basic signs there are, of course, shields which carry route numbers, school zone signs and others. Obey the signs and you'll live longer!

of civil rights. Hours before he won the Republican nomination, the Arizona senator said in San Francisco:

"Having opposed civil rights until this year, let him make an issue of it. I'll just repeat back to him the thousands of words he has spoken."

"Lyndon Johnson is the biggest faker in the United States," Goldwater added. "Let him make an issue of it. He's the phoniest individual that ever came around."

Despite his criticism of the new law, Goldwater has declared himself "unalterably opposed to discrimination of any sort," and has said he will not inject civil rights tensions into the campaign.

And White House press secretary George Reedy said Johnson "would not do anything to incite or inflame tensions."

### No Damage Caused As Gasoline Is Ignited

Gasoline was ignited either by a heater or hot water tank Wednesday at 10:28 p.m. at the home of Jack Lieder of 394 N. Lundy Ave. as his two sons were pouring gasoline from a container into a bottle in the basement.

Fire Chief Elmer Bush reported no damage or injuries. He warned, however, that the consequences could have been serious, and urged residents not to store gasoline or other inflammable liquids in their homes.

Shortly before Johnson spoke, Jay T. Leekley, 15-year-old life scout from Appleton, Wis., was killed by a bus when he darted out behind a parked car. He apparently was running to catch up with his troop marching to the giant arena.

Heart attacks earlier this week killed two assistant scoutmasters.

## Young Farmer Award Won by William Skeels

William Skeels, RD 4, Lisbon, has been named District E winner in the Dairyman's Co-Operative Sales Association's 9th annual young farmer award program, according to Mrs. Vern Wehr, district auxiliary representative.

Announcement of the award was made at a recent meeting in Pittsburgh attended by participants in the program.

The award is made to one young farmer in each of the 10 DCSA director districts. Selection is on the basis of an applicant's record of leadership and farm achievements along with an essay on the value of cooperative marketing of milk.

Skeels operated a 500-acre farm, including a 100-acre rented farm, in partnership with his father, L. F. Skeels. They maintain a herd of 52 milking Guernsey and Holstein cows.

The leadership activities and agriculture achievements of Skeels began in his 4-H club program where he held offices as president, vice president, secretary treasurer and news reporter. He received many awards for his project work in tractor, dairy and junior leadership and other projects.

He served as delegate to the Ohio State 4-H Club Congress and as a delegate to the American Institute of Cooperation.

Presently he is a member of the Columbiana County Soil Conservation District and Farm Bureau Cooperative. He served as a member of the Columbiana County junior fair board and as the chairman of the dairy department of that board.

As his award for being named winner, Skeels and his wife will be given an all expense-paid trip to the annual summer conference of the American Institute of Cooperation in East Lansing, Mich., during the week of Aug. 9.

Others competing in the contest from District E were John Brothers, RD 1 Kensington, who was named alternate winner; Thomas Rudebeck, RD 1, Leetonia; Myron C. Wehr, Leetonia; Earl J. Althouse, RD 2, Salem; Edgar E. Kurtz, RD 5, Salem; William L. Alexander, RD 2, Salem; Roy Hartley, RD 1, North Lima; Daris Gattrel, RD 1, Berlin Center; James A. Oyster, RD 5, Alliance; Russell Vebulun, RD 3, Lisbon; Wilbur E. Yoder, RD 1, Columbiana; David C. Hephner, RD 5, Lisbon.

District E of the DCSA is comprised of members living in Columbiana and Mahoning Counties, with a few in Stark, Carroll and Portage Counties.

### Bat That Bit Girl Found Not Rabid

A bat which last Friday bit Christine Schaefer, 4, daughter of Dr. and Mrs. Ernest Schaefer of 866 N. Lincoln Ave., at the Salem Country Club, was not rabid, the Ohio Health Dept. laboratory in Cuyahoga Falls reported today.

The bat floundered in the sand after biting the girl on the foot and was killed by other persons on the beach. The head was sent to the laboratory for tests.

The time capsule at the 1939 World's Fair in New York was buried in a 50-foot shaft, surrounded by pitch and concrete.

# Wild Bill Tucker

By BOB THOMAS  
AP Movie-Television Writer

HOLLYWOOD (AP) — Wild Bill Tucker has gone unshorn for 15 years. His mane hangs white and stringy below his shoulders, his mustache is wide and luxuriant and his goatee is longer than a billygoat's.

He presents an imposing figure as he strides down Hollywood Boulevard daily in Western-style tan gabardine suit, yellow silk shirt, black cowboy boots and Stetson hat. He resembles everyone's conception of Buffalo Bill, yet for Col. Cody he has scant regard.

"Talked to him once in San Francisco at the World's Fair," said Wild Bill. "He was all right. Drank a lot in his later years. He was a good politician, I'll say that for him."

He was standing on a corner, a bus disgorged some travelers. He greeted several of them and they said, "Hello, Bill," and continued on their way. He resumed talking in his rambling, non-stop manner.

"People like this get-up of mine. It means something to 'em, something of the old West. They like to talk to me."

"It makes me feel good to be around people. I'm 72 years old and I never felt better in my life. That's because I like people and I take care of myself. I eat good, sleep good and get loads of exercise."

He demonstrated some of his calisthenics. One consisted of

# IBOP To Elect 2nd Vice President

The International Brotherhood of Operative Potters today listed the names of the first five nominees for a special election that will fill the vacant post of second vice president.

Four were nominated by Local 86 (warehousemen) in East Liverpool. They are Edwin Howell, Gus Sharkey, John Hart, and Clayton Barrett. The fifth nominee is Bernard Rowbottom of Local 214 in Huntington Park, Calif. Now 10th vice president, he has been named acting second vice president pending the selection of a successor.

The second vice presidency has been vacant since the resignation of William Rail of Huntington Park on June 1. Rail had held the post since May 1961. He said he resigned on the advice of his physician. Rail directed the west coast office.

In announcing plans for the election procedure in mid June, the IBOP said local unions might make nominations between July 20 and July 31. The names of the nominees must be reported to headquarters by Aug. 10.

Those who wish to accept nomination must submit an official form to the headquarters by Sept. 2. The primary election will be held Sept. 15. The general election is scheduled for Oct. 13.

## WALKOUT ENDS

LIMA, Ohio (AP) — Work was back to normal today at the Lima engine plant of the Ford Motor Co. after a one-day wildcat walkout.

The unionists, members of Local 1219, United Auto Workers, voted to end the stoppage Thursday after leaders told them it might hurt talks with Ford for a new contract. The stoppage, which idled 2,000, was reported to be in protest over the furlough pay terms of a one-day layoff during model change-over.

More than 5,000 industrial firms in the United States are directly involved in the nation's efforts to put men on the moon.

# IBOP Receives Setback on Senior Citizen Housing Plan

Help of municipal officials, civic organizations and other groups will be needed in a survey of East Liverpool to prove the need for "senior citizen" housing and persuade a federal agency to grant aid, E. L. Wheatley, president of the International Brotherhood of Operative Potters, said today.

For lack of data to justify such a project, the Federal Housing and Home Finance Agency in Washington has declined to act on the IBOP's initial request for aid, made through the consulting engineering firm of Gunther Associates, Inc., in Washington.

The engineering firm said that "despite the federal government's desire to assist the IBOP with such a worthwhile project, it would be unable to approve such a loan at this time."

But the firm said the federal government "has little or no information to assist it toward a favorable decision."

It added: "In order to meet

this requirement, you will need to survey the members of your union to learn who may be interested in residing in the building. A further suggestion is that the local Senior Citizens Group make a similar survey of its members."

The engineering firm said experience since 1961 has shown that housing projects for the elderly in heavily populated areas "have shown excellent success, while those constructed in sparsely populated areas include many failures."

Gunther Associates has promised to forward to the IBOP the type of questionnaire the government recommends in such a survey.

It also is preparing an analysis of the approximate cost of the IBOP project, operating expenses, income and estimated monthly rentals.

Despite the apparent setback, the union intends to push ahead with its proposal for low-cost housing for the elderly, Wheatley emphasized.

# Rookie Hurler Tiant To Work For Indians Tonight

## Tribe Starts Bosox Series

Loses 7-1 Decision To Baltimore Squad

CLEVELAND (AP) — Cleveland Indians fans get their first chance tonight to see young Luis Tiant, the Yankee-killer, and vice versa.

The 23-year-old Cuban was called up from the Tribe's Port-land farm club last weekend and made his debut Sunday in Yankee Stadium, shutting out the New Yorkers on four hits. It was only the second game the Yankees this year.

Tiant will be opposed by Butch Heffner (5-3) of the Bos-ton Red Sox in the first of a four-game series.

The Indians won three straight from Baltimore after Tiant's victory in New York, but veteran Robin Roberts broke the string Thursday night, pitching a five-hitters as the Orioles won 7-1.

Sam McDowell, who was called up from Portland May 30 and won three in a row, started for the Indians and was charged with five runs in less than three innings. It was the fifth straight defeat for McDowell, who still is looking for his fourth victory.

Sam Bowens, who beat McDowell two weeks ago with a ninth-inning homer, played the villain's role again.

Sam drove in four runs. He hit a two-run single in the first inning and a two-run homer in the third, capping a three-run rally and sending McDowell to the showers.

## 12-Race Card Scheduled At Canfield

Two top drivers that will be threats to win the 100-lap late model midseason championship race at Canfield Speedway Saturday night are Ed Mitchell of Warren and Roy Gemberling of Kent.

In addition to the late models, the amateurs also will be on hand for the 12-race program and they will be featured in a 20-lap duel.

Both Mitchell and Gemberling returned to Canfield this year after an absence of two years. They both are veteran drivers and their appearance in new cars events makes them well-experienced for the long grind.

It will not only take driving skill Saturday night, but cars will have to be in top running condition and pilots will have to have plenty of stamina. Both Gemberling and Mitchell will be sure to be ready for this title race, which carries on extra purse and the Pyramid Motors trophy.

They will find plenty of competition as previous feature winners at Canfield this year will be in the lineup. They include Jim Bickerstaff of Mineral Ridge; Dick Lantz of Newton Falls; Chuck Daugherty of Poland; Bob Greer of Hubbard; George Hegedus of Cortland; Nook Walters of Niles; Tom Wimer of Girard; Jim Case of Akron; Junior Postlewait of Mineral Ridge and Gemberling, Bickerstaff and Lantz each have two victories.

Bill Forney of Youngstown, defending track champion, also has to be rated among the favorites. Others in this class are Lou Pallotta of Cleveland; Mike Borawiec of Warren; Johnny Martin of Girard and Mason Heister of Youngstown.

## Mark My Word

By MARK W. MILLER

If Salem should get five of its sectional tourney teams into the Hot Stove state event it would set a precedent.

Never before, since Salem entered the leagues, have as many teams had a chance to advance to the annual state classic.

The local American Legion unit, with an 8-1 record, gets into action for the first time against Alliance No. 3 at Centennial Park Friday at 6 p.m.

Four Salem teams have already reached the sectional finals and will play for division championships Saturday.

POSSIBLY THE TEAM with the best chance is Independent Hose in Class H. The unbeaten unit (17-0 overall) will take on the Alliance Barbers at Kelley Field at 4 p.m.

Probable pitcher for the Salem aggregation is Bob Helman. He has appeared in both the tourney victories for Independent Hose and has an impressive showing for nine innings of work.

Helman has allowed only one hit, struck out 16 and walked eight, while his teammates, led by Dave Barnes with a home run and single, have knocked off Homeworth Lions 11-0 and Westville 12-4.

Joe Deffenbaugh, who has homered and singled, has also pitched his team (Alliance Barbers) to a pair of wins.

He has hurled 10 innings, given up six hits, struck out 20 and walked five, while his teammates have nipped Slem Jaycees 3-2 and Alliance No. 3, 6-5.

EAGLES, BEHIND the pitching of Dave Paxson and Tim Weingart, are to face a red-hot hitting club in Sebring Purity Dairy for the Class G title at Memorial West at 2 p.m.

The Sebring unit has knocked off Carroll County No. 3, 18-0, and Leetonia 9-3, while rapping the ball for 30 hits. Gregg Wilson has been the hitting star with a home run, three doubles and a single.

Weingart has led the Eagles to victories over Leetonia 12-2, and Hunt's Independent Union 5-2, with a triple, double and two singles.

VFW (7-6 overall) has the biggest assignment as it takes on the powerful Alliance East End AC squad in the Class E title game at Centennial North at noon.

Ed Osley, star hurler for Alliance, has pitched 9 1-3 innings struck out 24, walked three and given up three hits. Dick Weisenburger has worked 4 2-3 frames, struck out five, walked three and allowed only one hit.

The Alliance unit has beaten Salem City Class E junior baseball leader 4-0, and Niles 11-3.

VFW EARNED its spot in the finals when Joe Rottenborn hit a home run in the ninth inning to give his teammates a 6-5 victory over Carroll County No. 1 last week.

Ron Whitehill pitched all the way. In the last of the ninth, he gave up a walk to the leadoff batter, then struck out the side. For the contest, he fanned 11, walked five and gave up six hits.

MULLINS JUST managed to get into the Class F title game. USW 2361 of Alliance held the Salem team hitless for six innings, then lost 3-2 in the bottom of the seventh.

Scott Cody and Bob Briskin combined their pitching talents as Mullins also whipped Sebring VFW 6-1.

Their opponent Saturday is Alliance Dukes AC. The two teams will meet at Memorial South at 2 p.m.

Alliance has knocked off Sekely's 4-2, and Carroll County No. 4, 11-1 to get a shot at a berth in the state event.

The pitching has been shared by Grimes and Kirksey so far for the Dukes. Grimes has worked seven innings, struck out 14, given up four hits, and hasn't allowed a walk.

Kirksey has pitched six frames, struck out nine, issued

no walks, and given up only two hits.

FOOTBALL COACH Don Clarico's physical fitness program will get underway at Reilly Field Aug. 10 at 6 p.m.

The exercises will be opened to any boy from the freshman through senior high school level.

Last year, the program was highly successful, and Clarico is expecting even a bigger turnout for the drills this year.

"DUCKY" DEJANE was voted president for the 1965 season during election of officers of the Robbyn's Knoll Golf League recently.

Andy Kekel was elected vice president, Dave Drakulich, treasurer; and Chet Tetlow, secretary.

EARLYBEY LEADS the Bel-lows Valvair Mixed Doubles League at Saxon Lanes, and Carjacks is in second place, with the Flunkies third.

Valley Jumpers put together the high team series 612-639-635-1,886, while Earlybey knocked off Missing Links four straight points with the second high three-game set 659-680-536-1875.

Jack Doyle led the men with a 184-213-239-636 series, while Martha Green topped the women with a 132-8-191-501 set.

Recent winners in the Sebring Country Club Pee Wee, and Pee Wee golf tournaments were Mike Mehno and Thad Stanley respectively.

OVER 100 TOP grand prix sports car drivers will compete in a racing program at Nelson Ledges speedway course near Warren Saturday and Sunday. Action both days will get started at 9 a.m.

Featured in the lineup will be Donna Mae Mims, national champion in H production, Ed Lowther, who will drive an A. C. Cobra in an attempt to break his own 51 second record, "Doc" Wyllie, a champion from South Africa driving his British Lola, Don Yenko driving a championship Corvette and many other entries from all parts of the United States.

## Yanks Handed 2-1 Setback; Chisox Near Top Once More

By MURRAY CHASS

Associated Press Sports Writer

Berto Campaneris, a 21-year-old Cuban, made an emergency overnight trip to join the Kansas City Athletics, who had lost shortstop Wayne Causey in a baseline accident.

Shortly after arriving Thursday, Campaneris clouted two homers and a single, driving in three runs, as the Athletics nipped Minnesota 4-3 in 11 innings. The rookie also walked and stole a base while the Twins dropped their eighth consecutive game.

In the first inning, in his first major league time at bat, Jim Kaat's first pitch came in, and Campaneris slammed it over the left field fence.

That made the shortstop only the sixth player in major league history to hit a home run on the first pitch.

Then in the seventh inning, he again hit a Kaat pitch over the left field fence, this time with a man on. That hit gave him the distinction of being only the sec-

ond in modern history to hit two homers in his first game.

Bob Nieman did it with the St. Louis Browns in 1951.

Curiously enough, one of the other five players to hit a first-pitch homer was Hoyt Wilhelm. The veteran pitcher got a key single Thursday in Chicago's 2-1 victory over Los Angeles in another 11-inning contest.

Elsewhere in the AL, Washington edged New York 2-1, Baltimore trounced Cleveland 7-1 and Boston trimmed Detroit 4-3.

Campaneris' second homer tied the game 3-3 after Harmon Killebrew's 34th homer with two aboard gave the Twins a 3-1 lead in the sixth inning. Doc Edwards won it for the Athletics with a homer off Gerry Arrigo in the 11th.

The White Sox broke Dean Chance's scoreless pitching string at 27 innings with a run in the first but had to wait 10 more innings for the triumph. A double by Felix Torres and Bobby Knoop's single tied the game in the Angels' eighth.

Then in the 11th, Mike Hershberger walked, went to second on Wilhelm's single and scored on Tom McCraw's single.

The Yankees held a 1-0 lead until the eighth. At that point the Senators loaded the bases on a double and two walks, and pinch hitter Jim King lashed a single, driving in two runs.

The Orioles moved to within five percentage points of the first-place Yankees behind Robin Roberts, Sam Bowens and Dick Brown.

Roberts pitched a five-hitter for his eighth victory against four defeats. Bowens drove in four runs with a two-run single in the first inning and a two-run homer in the third while Brown smashed solo homers in the sixth and in the eighth.

Boston edged Detroit on Felix Mantilla's sixth-inning home run. Bullpen ace Dick Radatz preserved Dave Morehead's sixth victory in 16 decisions, coming on in the eighth inning when the Tigers scored two runs on a walk, Dick Stuart's error and a single by Bill Freehan.

## Pirates Whip Cardinals 8-5

## Cubs Drop Giants 2 Games Back; Phillies Outlast Braves 13-10

By MIKE RATHET

Associated Press Sports Writer

Billy O'Dell went out to the mound Thursday for San Francisco, retired Chicago's Billy Cowan on a grounder to start the game — and then didn't get out of trouble until he got under a shower seven innings and 12 runs later.

The Cubs finished off a 13-1 triumph against Jim Duffalo, dropping the Giants two games behind the National League leading Philadelphia Phillies — the biggest edge either contender has had since June 21.

While he was in there, O'Dell was tagged for 11 hits, including three homers, three doubles and a triple. The homers were hit by Billy Williams, Len Gabrielsen

and pitcher Lew Burdette, who also touched O'Dell for a triple and a single.

While the Cubs slowed down against Duffalo—only five hits in two innings—Burdette kept at a good thing and smacked another single for four hits on the day. Asked when he had last collected four hits, Burdette said:

In 1921."

The Phillies, meanwhile, played ricochet with Milwaukee and finally defeated the Braves 13-10 in 10 innings.

Third-place Cincinnati ended a five-game losing streak to New York by beating the Mets 5-4, Pittsburgh hammered 16 hits for an 8-5 victory over St. Louis and the Los Angeles Dodgers edged Houston 5-4.

While O'Dell was laboring, Burdette was breezing. He had a 12-0 lead before the Giants scored, eventually was tagged for homers by Orlando Cepeda and Jim Hart but had little difficulty bringing his record to 7-2.

It was his sixth victory since he was traded to the Cubs by St. Louis.

Johnny Callison hit two homers for the Phillies, accounting for five runs, and Gene Oliver and Denis Menke connected for the Braves before the lead was changed hands three times in

the last two innings.

In the 10th, winning pitcher Jack Baldschun singled and Richie Allen, who had made two costly errors in the eighth and ninth, beat out an infield hit. Co-okie Rojas followed with a two-run double that snapped the tie. Rojas eventually scored on two passed balls by catcher Ed Bailley.

The Reds beat the Mets with the aid of two errors, the decisive run scoring in the sixth on errors by Rod Kanhl and Charlie Smith sandwiched around a single by John Edwards.

Reds' starter Jim Maloney checked the Mets on five hits and struck out nine in six innings before he had to leave with a strained back. Bob Purkey and Bill Henry finished up.

Bob Bailey and Bill Virdon each collected a homer among their three hits as the Pirates thumped Mike Cuellar and three successors. Pittsburgh wound up the three-game series at St. Louis with 46 hits and 31 runs.

The Dodgers trailed 4-2 going into the ninth when Nate Oliver's single, a walk and Maury Wills' single produced a run.

Willie Davis then beat out an infield hit, loading the bases, and Ron Fairly wrapped it up with a two-out, two run single. It was his third hit of the night.

## Fisher's, Mullins Win Class F Games

If Fisher News and Mullins win their remaining games in junior baseball Class F competition, and loop leader Sekely loses its final contest of the season, all three units will end up in a tie for first place.

Fisher's knocked off Sekely 8-5, and Mullins beat Farmer's Bank 14-1 at Memorial Park Thursday.

Petrucchi's rallied for seven runs in the fifth inning, then went on to trim Bricker's 15-11, and Scott's Sports clipped Italian Club 10-4 in Class G.

In Class H, after nine innings, Hobbycraft and Cherry Hill, tied 9-9, had their game called because of darkness.

After falling behind 1-0, Fisher's wasted little time as it came up with four runs on three errors, a double by Lou Markovich and a single by Parke Vo-

taw.

Jerry Filler, Dana Barnes and Votaw paced the winners (10-4) with two hits apiece.

Sekely (10-3) rallied for three runs in the seventh on two walks, a double by Mike Palmer and a single by Don McKinney.

Six walks, a fielder's choice and a single by Scott Cody gave Mullins, a Hot Stove sectional tourney finalist, a 5-0 lead in the initial inning.

Dave Glemnner belted a three-run home run in the fifth as Mullins (9-4) iced the contest with four runs.

Allen Stiffner, Glemnner and Cody collected two hits apiece to spark the winners. Karno led the Bankers (2-11) with a home run and single.

Down 10-8, Petrucchi's (9-6) tallied seven runs on a walk, three errors, single by Dan Hippely, double by Kevin Rhodes and a home run by Mike Mehno.

Hippely led the winners with three hits. Mehno and Rhodes chipped in with two each.

Scott Riffle collected three singles to pace Bricker's (5-9). The losers chalked up seven markers in the second on four walks, an error, a hit batter and singles by Riffle and Tom Fisher.

Scott's Sports evened its season's record at 7-7. Tom Capel hit a key triple in the five-run fifth inning. Rickie Roberts and Mickey Linder had each singled just before the three-base hit.

Linder belted a triple in the seventh driving in a run.

## Indians' Whitfield Hits Roberts Hard

By GORDON BEARD

Associated Press Sports Writer

BALTIMORE (AP)—When

Cleveland pinch hitter Fred

Whitfield sliced a hit off the left

field wall Thursday night, Balti-

more third baseman Brooks

Robinson yelled to Oriole pitcher

Robin Roberts:

"Well, you held him to a dou-

ble, anyhow."

It wasn't dissension in the

ranks. Just a bit of friendly

needling on a team battling for

the American League lead.

"With a six-run lead, Brooks

thought he would throw that in

there," Roberts said after he

had whipped the Indians 7-1.

"He thought he was being fun-

ny."

The victory by the 37-year-old

Oriole right-hander was a big

one. It ended a three-game los-

ing streak, enabled the Orioles

to regain a virtual first-place tie

with the New York Yankees.

and provided a tired Baltimore

bullpen staff with a much need-

ed rest.

It was also the 26th major

league victory for Roberts,

moving him into an 18th place

tie with Bob Feller and Eppa

Rixey on the all-time list of

winners.

"I can't remember many sta-

tistics," Roberts said, "but I do

know that Whitfield is 11-for-13

against me over the past two

season. He's only mixed in a

couple of singles. Brooks didn't

know the totals, but he knew

Whitfield hits me hard."

Rookie Sam Bowens knocked

in four runs with a single and

homer, and Dick Brown socked

two solo homers in support of

Roberts, who hurled a five-hit-

ter to bring his record to 8-4.

His seven complete games and

2.53 earned run average lead

the Oriole starters.

## Old Dutch Blanks Gold Bar 8-0; Akron Wins Twin Bill

Old Dutch broke up a pitch-

ers' duel with an 8-run outburst

in the sixth inning to shut out

Gold Bar in City Softball (fast-

pitch) League competition at

Kelley Field Thursday night.

Akron AFL-CIO girls softball

team swept a doubleheader 4-3

and 14-6 from Hubbard.

Until its big inning, Old Dutch

was held hitless by Gold Bar

pitcher Jerry Bryson.

Fred Phillis singled to start

the rally after one batter

grounded out. Bruce Feicht

socked a double and Bill Fur-

guson and Dick Youngpeter each

singled. Jim Barnes clouted a

home run, Bob Stallsmith and

Ron Dierks each hit singles.

Roger Stittie belted a double,

and winning hurler John Stoffer

hit a single.

The win was the 17th in 18

starts for Old Dutch, while Gold

Bar dropped its fourth contest

in 19 tries.

The second place team in the

loop standings, Gold Bar never

seriously threatened. Ed Miller

singled in the second, and Ken

Niles in the third for the losers'

only hits.

Akron, with Salem's Diane

Linder playing second base and

Janet Reeder of Hanoverton in

left field, rallied in the ninth

inning for its first victory.

Behind 3-2, Gloria Rodger,

leading off, walked, she advan-

ced on a single by Lou Onisic,

and both girls scored on a tri-

ple by winning pitcher Brenda

Trent.

Onisic, who had three hits for

Akron, socked a home run in

the third inning to give the win-

ners a 2-1 lead.

Hubbard took a 3-2 lead in

the top of the seventh as it

scored two runs on a walk and

singles by Alice Lyth, Corrine

Gorby and Linda Meikle.

Power-hitting was the key to

Akron's second victory. Brenda

Trent clouted a home run in

the eighth run fifth frame and Bar-

bara Klicka belted a three-run

home run in the sixth.

Janet Reeder collected a dou-

ble and single, and Gloria Rog-

er, Lois Sherbondy, Brenda

Trent and winning hurler Jo

Cutron each had two hits. Di-

ane Linder hit a single for the

winners in the fifth.

**8 Squads Entered**

lie's Boats, Moose 571, Mer-

## Accommodation Section of Bill Is Enforced

GREENWOOD, Miss. (AP)—The FBI has made its first arrests under the public accommodations sections of the new Civil Rights Act.

Agents of the bureau charged three Greenwood white men with a conspiracy designed to keep a Negro from going to a downtown movie theatre.

The three men, Willie Amon Belk, 47, a plumber; his son, Jimmy Allen Belk, 19, and Sam Allen Shafer Jr., 40, a Belk employee, posted \$1,000 bonds before U.S. Commissioner W. O. Luckett at nearby Clarksdale following their arrest Thursday.

The FBI charged the three with "unlawfully conspiring to injure, oppress, threaten and intimidate" Silas McGhee, 21, of Greenwood, "in the free exercise of his right to full and equal enjoyment of a motion picture house, the Leflore Theatre."

The theatre management declined comment.

The FBI gave this report: On July 16, McGhee staggered into the Greenwood FBI office, bleeding from head wounds and suffering from shock.

McGhee, a staff worker with the Student Non-Violent Coordinating Committee, said three men in a pickup truck forced him at the point of a gun to accompany them.

He said they asked him if he had been to the movie the previous night. When he replied yes he was beaten with a pipe and a board.

### MINOR CAR MISHAP

The left front door of a vehicle parked by Maxine H. Smith, 45, of Alliance was scraped Thursday at 12:22 p.m. by a car operated by Dolores M. McTague, 24, of 196 Jennings Ave., as she was parking her car at the Burger - Chef parking lot, police said.

# The Doctor Says

By Dr. WAYNE G. BRANDSTADT

## Questions and Answers

**Q—Is there such a thing as autointoxication?** What would happen if I took a small amount of laxative regularly and then developed severe constipation?

**A—Autointoxication** is a term that has been dropped from all standard medical textbooks. Formerly it was believed by some doctors that if your bowels did not move regularly one or more times a day, certain ill-defined poisons would be absorbed into the blood and cause a host of woes. Careful scientific studies have shown this idea to be false.

**Q—My doctor says I have Weber-Christian disease.** What is it and what can be done for it?

**A—You have an inflammatory disease of the fatty layer of tissue just beneath the surface of the skin.** It is most common in women between 20 and 40. Although it may involve any

part of the body, it is more often found in the legs, thighs, arms, abdomen and breasts. The inflamed area is tender to touch. The disease is usually accompanied by chills and fever. Although it may subside after several days without treatment, it is likely to recur and the healed lesions may leave depressed areas. Injections of cortisone often hasten recovery but the depressed areas may have to be replaced by grafts of normal skin.

**Q—What is Charcot-Marie-Tooth disease?** What is the cause? Is there any cure for it?

**A—Charcot-Marie-Tooth disease** is a wasting of the peripheral muscles which are part of the calf. The cause is a degeneration of the nerve supplying the muscles. The cause of the nerve disorder is unknown, but heredity may be a factor. There is no cure, but corrective shoes and braces help the victim to get around.

**Q—Is Biphentamine habit-forming?** What side effects does it cause?

**A—Biphentamine** is an amphetamine preparation that is given to relieve depression or to help in weight reduction. If taken over a long period it is habit-forming. Side effects include rapid pulse, pain in the eyes when exposed to a bright light and mild tremors.

In modern milking parlors, two men easily can process 80 cows an hour.

**RAMPAGING SAIGON STUDENTS** — Shouting Saigon students clamber over iron fence as they invade grounds of the French Embassy in Viet Nam. The students smashed windows and furniture in the Embassy, ripped pictures from the walls, and set fire to a car. Anniversary of agreement at Geneva to partition Viet Nam touched off demonstration.
